

PROFESSIONAL SUMMARY

Entry-level Software Developer with a strong foundation in Java, Python, SQL, and web development. Experienced in building simple and responsive web pages using HTML, CSS, and JavaScript. Familiar with Git and GitHub for version control. Basic understanding of programming logic and problem-solving concepts.

TECHNICAL SKILLS

- **Web Technologies** : HTML, CSS, JavaScript
- **Database Management** : SQL
- **Programming Languages** : Java, Python
- **Version Control & Tools** : Git, GitHub, VS Code, Eclipse, IntelliJ IDEA

PROJECTS

Healthcare Resource Optimization

Role : Led a team of 2 members during development phase | Web Developer

- Designed and developed a hospital resource management system to manage beds, doctor appointments, and staff allocation.
- Built a responsive and user-friendly frontend using HTML, CSS, and JavaScript.
- Used MongoDB for basic data storage and retrieval of appointment and resource details.
- Worked on integrating frontend forms with database operations for managing hospital data.
- Focused on usability, smooth navigation, and proper data flow within the application.

Tech Stack: HTML, CSS, JavaScript

Work Detection and Ranging (IoT)

Role : Led a team of 4 members during development phase | System Design & Hardware-Software Integration

- Designed and implemented a road safety system to detect road work and alert drivers.
- Configured LoRa-based wireless communication with alerts up to 500 meters.
- Enhanced traffic safety using real-time sensor data and embedded system integration.
- Led project planning, hardware setup, testing, and team coordination.

Tech Stack: Arduino, LoRa Module, ESP8266, Sensors, Embedded C, Wireless Communication

INTERNSHIP

Evolve Robot Lab – Robotics & Artificial Intelligence Company

July 2023 - Aug 2023

- Learned fundamentals of IoT systems and sensor integration.
- Gained hands-on experience with Arduino and ESP8266 modules.
- Assisted in developing a rover robot prototype for obstacle detection and movement control.
- Observed data transmission and hardware communication in IoT applications.

EDUCATION

Syed Ammal Engineering College, Ramanathapuram

October 2021 - June 2025

B.Tech Artificial Intelligence and Data Science- **CGPA**: 7.80

Ilayangudi Higher Secondary School, Ilayangudi

June 2020 - June 2021

Higher Secondary Certificate - **Percentage**: 76.2%

Hameedia Higher Secondary School, Ilayangudi

June 2018 - June 2019

Secondary School Leaving Certificate - **Percentage**: 70.2%

ACHIEVEMENTS

- Received recognition for "Road Work Detection and Ranging" IoT project at a college-level tech symposium.
- Successfully implemented long-range LoRa communication with real-time driver alerts.
- Participated in AI and IoT innovation events and prototype demonstrations.

STRENGTHS

- Strong analytical and problem-solving mindset
- Quick learner and highly adaptable to new technologies
- Excellent teamwork and communication abilities and Passionate about continuous learning and innovation
